

Re: Docket# 98N-1038, "Irradiation in the Production, Processing, and Handling of Food."

I want the FDA to continue prominent labeling of food that has been treated with irradiation. The label should be conspicuous and include the logo for irradiation.

Additional comments: Irradiated food must be prominently labeled because it has not been proven safe. Our government agencies, such as F.D.A. and U.S.D.A. need to cease representing products and start representing taxpaying
